

MICHIGAN CIVIL SERVICE COMMISSION
JOB SPECIFICATION
PSYCHOLOGIST

JOB DESCRIPTION

Employees in this job complete or oversee a variety of professional assignments to provide psychological treatment to residents of state facilities and community-based programs. Positions in this class are located in mental health facilities, prisons, youth residential facilities, and veterans' hospitals.

There are four classifications in this job.

Position Code Title - Psychologist-E

Psychologist 9

This is the entry level. As a trainee, the employee carries out a range of psychologist assignments while gaining experience in the practice of psychology.

Psychologist 10

This is the intermediate level. The employee performs an expanding range of psychologist assignments in a developing capacity.

Psychologist P11

This is the experienced level. The employee performs a full range of psychologist assignments in a full-functioning capacity. Considerable independent judgement is required to carry out assignments that have significant impact on services or programs. Guidelines may be available, but require adaptation or interpretation to determine appropriate courses of action.

Position Code Title - Psychologist-A

Psychologist 12

This is the advanced level. The employee may function as a lead worker or senior worker. At this level, employees are responsible for overseeing the work assignments of other professionals or have regular assignments which have been recognized by Civil Service as having significantly greater complexity than those assigned at the experienced level.

NOTE: Employees generally progress through this series to the experienced level based on satisfactory performance and possession of the required experience.

JOB DUTIES

NOTE: The job duties listed are typical examples of the work performed by positions in this job classification. Not all duties assigned to every position are included, nor is it expected that all positions will be assigned every duty.

Observes, records, and evaluates the behavior of clients during examinations and other situations. Effectively communicates results in written and oral form, with treatment recommendations as appropriate.

Confers with other professional staff members regarding significant reactions or events which affect the client and the treatment process.

Performs directive, non-directive and supportive therapy.

Selects, administers, scores and interprets a variety of diagnostic instruments, such as psychological, achievement, neuropsychological, intelligence, interest, personality, vocational, and projective tests.

Writes behavioral treatment plans for clients.

As a member of the treatment team, collaborates with other professional staff in diagnosing problems, formulating treatment plans and evaluating progress.

Provides assistance in training facility staff and students in processes and techniques of behavior modification, group guidance, and problem solving.

Provides crisis intervention assistance.

Provides on-going group therapy to clients.

Reviews and coordinates admissions, discharges, and referrals.

Provides testimony in court hearings regarding a variety of psychological matters.

Attends training seminars and workshops related to the work.

Participates in research studies related to psychological, educational, or treatment techniques.

Provides assistance in the presentation of research findings.

Maintains records and prepares reports and correspondence related to the work.

Performs related work as assigned.

Additional Job Duties

Psychologist 12 (Lead Worker)

Oversees the work of professional staff by making and reviewing work assignments, establishing priorities, coordinating activities, and resolving related work problems.

Psychologist 12 (Senior Worker)

Performs on a regular basis professional psychologist assignments that are recognized by Civil Service as more complex than those assigned at the experienced level.

JOB QUALIFICATIONS

Ability to communicate effectively with others.

Ability to maintain favorable public relations.

Additional Knowledge, Skills, and Abilities

Psychologist 12 (Lead Worker)

Ability to set priorities and assign work to other professionals.

Ability to organize and coordinate the work of others.

Working Conditions

Employees may be on-call evenings, weekends, and holidays.

Some jobs require an employee to be exposed to some risk to sustaining illness and injury from the use of chemicals, high-pressure laboratory systems, biological materials, and exposure to disease, radiation, and toxic chemicals.

Some jobs are located in a correctional, mental health, or hospital facility, or social services agency.

Some jobs require travel.

Some jobs require an employee to work in adversarial situations.

Some jobs require an employee to be exposed to disease and illness.

Some jobs require an employee to work in a hostile environment.

Some jobs require direct contact with prisoners.

Physical Requirements

The job duties require an employee to work under stressful conditions.

Education

Possession of a master's degree in psychology.

Experience

Psychologist 9

No specific type or amount is required.

Psychologist 10

One year of professional experience providing psychological treatment equivalent to a Psychologist 9.

Psychologist P11

Two years of professional experience providing psychological treatment equivalent to a Psychologist, including one year equivalent to a Psychologist 10.

Psychologist 12

Three years of professional experience providing psychological treatment equivalent to a Psychologist, including one year equivalent to a Psychologist P11.

Special Requirements, Licenses, and Certifications

Possession of a temporary master's limited license, master's limited license, doctoral limited license, or full license to practice psychology in Michigan.

NOTE: Equivalent combinations of education and experience that provide the required knowledge, skills, and abilities will be evaluated on an individual basis.
