14. General Summary of Function/Purpose of Position

This position serves as a lead Accounting Technician for revenue accounting issues including pre-auditing financial documents, researching and analyzing revenue accounting issues, and preparing SIGMA transactions. This position reviews the Section's processes and procedures, and formulates recommendations to improve the Section's accounting practices. This position assists in coordinating the month-end close for the State's accounting system as well as providing technical assistance to Section Staff.

In addition, this position maintains and reconciles control records for revenue and receipts to bank transactions, reviews, analyzes and authorizes entries in SIGMA. Identifies, analyzes, and/or processes the following types of accounting transactions in SIGMA: recording of bank account transfers, electronic funds transfers (EFT), wire receipts for all agencies, and lockbox deposits, reconciling of credit card, and assist with cross training. Research and resolves complex SIGMA deposit adjustments involving various financial institutions and agencies.

In performing these duties, the position is responsible for promoting and maintaining an environment conducive to continuous quality improvement and for encouraging new ideas, input, respect and teamwork.

15. Please describe the assigned duties, percent of time spent performing each duty, and what is done to complete each duty.

List the duties from most important to least important. The total percentage of all duties performed must equal 100 percent.

Duty 1

General Summary:

Percentage: 35

This individual researches SIGMA errors related to manually entered deposits received through the other agency process. There are times when the coding provided for one of these deposits causes errors when the transaction is entered in SIGMA. This individual will research these issues by determining who provided the coding and contacting the correct person or Treasury area to discuss the SIGMA errors that we are receiving when entering the transaction. If the new coding provided is still causing errors this individual will again contact the appropriate area to discuss the issue until it is resolved and the transaction is successfully entered in SIGMA without errors. This individual will research rejected Treasury credit card transactions to determine what corrections need to be made to successfully post the transactions in SIGMA. This individual will also research and prepare entries to reclassify credit card transactions received through the CEPAS application for the \ Financial Services Division and state agency credit card transactions posted to Treasury coding. This individual maintains and reconciles control records for revenues and receipts to bank transactions. Reviews, analyzes, and authorizes entries into SIGMA. Creates and reconciles financial documents for completeness and accuracy in accordance with Generally Accepted Accounting Principles (GAAP). Assists Senior Accountant with month-end close for Section's SIGMA revenue transactions.

Individual tasks related to the duty:

- Researches SIGMA errors related to manually entered deposits received through the other agency process by determining who provided the coding and contacting the correct person or Treasury area to discuss the SIGMA errors that occur when entering the transaction.
- Research and prepare entries to reclassify credit card transactions received through the CEPAS application for the Office and state agency credit card transactions posted to Treasury coding.
- Research rejected Treasury credit card transactions to determine what corrections need to be made to correct SIGMA errors.
- Creates, reconciles and maintains daily spreadsheets of transactions for revenue and receipts.
- Reconciles SIGMA credit card transactions to the bank statement.
- Serves as back up for reconciliation of SAP bank payment files to SAP entries.
- Serves as backup for reconciliation of MiMITS bank payment files to MiMITS entries.
- Reviews and authorizes entries into SIGMA.
- Communicates and resolves problems and questions with other staff members, agencies and financial institutions.
- Initiates correcting entries when items are batched incorrectly using companion-type batches in SIGMA which are more complex typically than other batches.
- Distributes tax revenues to the appropriate category using companion-type batches.
- Researches, compiles information and prepares reports as needed for review and reconciliation.
- Creates daily bank transfer FTP files that are sent to SIGMA
- Serves as back up for creating daily deposit and court deposit FTP files that are sent to SIGMA

Duty 2

General Summary:

Percentage: 25

This individual identifies, analyzes and/or processes the following types of transactions which includes but is not limited to: recording of transfers between bank accounts, EFT, wire receipts and lockbox deposits for all agencies, correcting and reclassifying credit card transactions, creates, analyzes, authorizes and enters revenue reclassification transactions requested to reclassify/correct revenue posting entries. Utilizes, maintains, and creates spreadsheets. Reviews, analyzes and resolves revenue accounting issues. Assists Senior Accountant with Office's year end close.

Individual tasks related to the duty:

- Identifies, analyzes, and processes EFT and wire transactions for all agencies.
- Processes lockbox deposits for all agencies.
- Corrects rejected Treasury SIGMA credit card transactions and reclassifies credit card transactions posted to Treasury's undistributed receipts.
- Serves as a Section resource for researching transactions utilizing Recon bank matching software.
- Records transfers from the State's bank accounts to the main concentration account and serves as backup for auditing these transactions to ensure accuracy and completeness before processing.
- Enters the proper banking entries into SIGMA and identifying original and correcting entries that need to be made including EFT transactions for all agencies.
- Records monthly distributions of undistributed comptroller objects in SIGMA based on reports received from other divisions.
- Records accounting entries for reclassification of Treasury transactions.
- Assists with the reconciliation of the department's undistributed receipts fund (9070 fund) and year-end accounting close.
- Reviews, analyzes, prepares (by obtaining proper coding), and authorizes revenue reclassification transactions for entry into SIGMA.
- Utilizes, maintains and creates spreadsheets.
- Communicates and responds to revenue accounting questions from Office staff, agencies and financial institutions.
- Reviews, analyzes, and makes recommendations to management for resolution of revenue accounting issues.

Duty 3

General Summary:

Percentage: 10

Creates, utilizes, maintains, and reconciles various Excel spreadsheets used to project funds available for investment purposes, prepare and reconcile transactions to be entered in SIGMA. This individual is responsible for creating and updating spreadsheets containing SIGMA coding that are used when entering transactions in SIGMA. It is critical the coding spreadsheets used for entering transactions in SIGMA contain accurate coding for each state agency and various Treasury tax types. Incorrect information on these spreadsheets will result in incorrect postings in SIGMA and additional reversing and correcting SIGMA entries will need to be processed. The coding spreadsheets need to be updated as coding changes occur.

Individual tasks related to the duty:

- Creates and updates spreadsheets containing SIGMA coding to be used when entering transactions in SIGMA.
- Creates and updates UPDOC spreadsheets for uploading deposit, transfer or distribution transactions in SIGMA

Duty 4

General Summary:

Percentage: 10
